C.No. 1343/51-C.1 Dated:- 29-10-1951.

ASSISTANT SECRETARY 8 NOV 1951 44320 EDUCATION DEPARTMENT

Sir,

Sub:- Motor - electric motor with pump - fixing up to the well of the municipal high school - Hospet Municipality - purchase from local Company - by disposing with tenders - previous sanction - requested.

The existing Electric Motor installed for pumping water from the well of the municipal high school went out of order in February 1951 and the only motor available in good condition was installed which also failed in July1951. Sanction of the Council was obtained in Council's Resolution No.830/16-6-51 for Rs.400/- for the purchase of a new motor. As the cost exceeds Rs.200/- quotations were called for on 9-8-1951 by advertisement in 'The Hindu' giving time upto 29-8-1951 and quotations have been received from some companies. On examining the existing pump and the motor by local mechanics it is now informed that the installation of a new motor alone will not serve the purpose unless the pump also is replaced due to the bad alignment of pump shafts. One Sri.K. Rangappa of Hospet who is dealing in electrical goods has offered two alternative quotations one for 3 H.P. G.E.C. Motor with Coimbatore pump for Rs.750/- and another 3 H.P. Crompton Motor with American pump for Rs.860/- . Since the break down of this plant, the students of the High School, who are nearly 1300, are put to difficulty for getting drinking water since they have to draw from the well each ti they require water. As it will take time again to call for fresh tender for a motor and pump together and as the local dealer Sri.K. Rangappa is readily available to supply the motor and pump if he is given order, now at the rate quoted by him, I request your previous sanction to dispense with the invitation of tenders as per G.O.No.2492 L.A., d/ 11-9-1941 as subsequently amended and place order with Sri;K. Rangappa of Hospet for the purchase of 3 H.P. Motor with American Pump costing Rs.860/-.

I request the favour of early orders. I enclose herewith the connected file containing 94 pages for perusal and return.
